CELLULAR

A complete line of the most current models of batteries and accessories.

CORDLESS

The most comprehensive line of cordless batteries available, including the latest models of 2.4 GHZ.

ALKALINE

Energizer alkaline available.

RHINO SEALED LEAD ACID

Most popular sizes available from 6V1.2Ah to 12V33Ah. Can be used for standby or cycle use.

DIGITAL and VIDEO SPECIALISTS

Always first to market. New Lithium-Ion batteries and chargers for the most current camcorders and digital cameras, including a fully compatible line of replacement SONY® Info-Lithium. Empire inventories the largest selection of replacement camcorder batteries, all chemistries and capacities. Ask about our Universal Chargers for Lithium Ion, Ni-Cad, and Lead Acid Batteries, as well as our Full Line of car battery eliminator cords. We have a full line of camcorder and digital camera bags. Many of our batteries are USA made in our New York facility. AA/AAA, NiMH cells and chargers available.

CUSTOM BATTERY ASSEMBLY

In house manufacturing capabilities. Call now for your custom needs.
